The Modal Group's Smolensky presents "Chicago" to SIOR regional event

GRAND RAPIDS, MI- Daniel Smolensky, SIOR and Principal at The Modal Group provided an in-depth glimpse of market conditions and trends of the Chicago office and industrial market at the Society of Industrial and Office Realtors' (SIOR) Midwest Real Estate Forum in September.

SIOR invited members from the Midwest along with developers and landlords to network and discuss the topics of the day.

"We covered more than just the metrics, we looked at how drones are impacting marketing of properties, and how the use of videos are being utilized effectively," Smolensky commented. "Data indicates the market is strong for landlords and developers, but we represent tenants and buyers, our value proposition has never been more important."
